

Health: SELLER makes no warranties, expressed or implied, including but not limited to: merchantability and/or fitness for a particular purpose. "The puppy" is sold as is, except: BUYER has until (*a date no more than 5 days from pick up date.*) to take the puppy to any licensed vet for a health exam at the expense of the BUYER. "The puppy" is sold as a pet, in good general health and temperament, at the time of transfer of ownership. If "the puppy" is found, during this health exam, to have a life-threatening congenital defect, the cause of which is clearly attributable to the SELLER, "the puppy," along with all records and registration paperwork, may, upon signed written diagnosis from said vet, be returned to SELLER (at BUYER's expense) for a refund of the purchase price. In the event BUYER elects not to have a health exam performed, BUYER waives any and all rights, claims or causes of action against SELLER.
